Living Literature - History!	Garrett, Cindi	\$40.00	<p>This Literature class will delve into adventurous, historical, classic literature in chronological order. As we focus on reading and interacting with these amazing books, we will study reading comprehension, literary terms, and use scripture to discuss the deeper issues created by the plot and characters. Each week students will do a combination of some, but not all of the following activities at home: read sections of the assigned book, write narrations, answer questions in a study guide, create writing assignments, and/or construct creative projects. In class, students will hone skills in dictation, reading aloud and literary analysis discussions.</p>	None.	2-3 hrs.	<p>The Matchlock Gun by Walter D. Edmonds, The Sign of the Beaver by Elizabeth George Spear, The Cabin Faced West by Jean Fritz, Little House in the Big Woods by Laura Ingalls Wilder and Number the Stars by Lois Lowry</p>
Young Writers Guild	Black, Stephanie	\$40.00	<p>Young Writers Guild is an upper elementary grammar and composition course where students have fun writing in an encouraging environment! ! Students learn different writing purposes, expand their concepts of audience, improve writing techniques for various purposes, grammar basics, and become confident writers. Students develop proficiency in the writing process, which has distinct prewriting, drafting, revising, editing, and publishing steps. Students learn to construct sentences for fluency, meaning, style. Students master proper paragraph structure and improved word choice. The course utilizes collaborative writing, interactive lessons, mentor texts, and a safe community to grow and share. No matter where your elementary student falls on the writing spectrum, they can become successful writers.</p>	<p>Simple keyboarding skills are helpful. Must be reading and writing at grade level.</p>	1.5-2 hrs.	<p>Pen, pencil, highlighter, and notebook paper. All other supplies provided with enrollment. No book required.</p>
God's Design for Heaven and Earth	Boyd, Shannon	\$45.00	<p>Come explore God's creation of the land and skies with geology (planet earth), astronomy, and meteorology (weather and water) as part of God's created world! This will be a complete earth science study for your upper elementary student including all three of these science topics. This course would also be rigorous enough to fulfill a middle school science requirement as well. Weekly homework of 1-2 hours will be required. We will be using the textbook God's Design for Heaven and Earth along with other activities.</p>	None.	1-2 hrs.	<p>God's Design for Heaven and Earth - ISBN: 978-68344-129-8</p>

Art Through The Ages	Waller, Julie	\$35.00	We will see how art has changed through the centuries as we make some of our own in the styles of famous artists from different time periods. We'll draw, paint, collage, print, and sculpt our way from the ancient, classical, middle, and renaissance ages to the impressionist, cubist, expressionist, and contemporary ages. Multiple types of media will be explored such as colored pencil, watercolor, acrylic, clay, collage, marker, and pastels. Come join the fun!	Listen & follow directions.	None.	Paint shirt or smock. All other materials will be supplied by the teacher.
Exploring Creation with Zoology 2: Swimming Creatures of the Fifth Day	May, Laura	\$60.00	Come discover what lies hidden beneath the surface of the ocean. God's largest ecosystem contains so many fascinating creatures and life forms. There's no better way to investigate the depths of these mysterious waters than with hands on experiments and activities. What is the biggest fish in the ocean? Do shark fins all serve the same purpose? Can we talk to dolphins? How do tadpoles turn into frogs? We will answer all of these questions and more. In addition to a weekly class experiment, students will create an interactive notebook to document their journey. Students will investigate aquatic life through microscopic observation and hands-on dissections. At the end of the course each student will present a research report about their favorite aquatic (or semi aquatic) creature. CLASS DISSECTIONS include: Shark, clam, squid, and crayfish, starfish	None.	None.	Exploring Creation with Zoology 2: Swimming Creatures of the Fifth Day, book only, no notebook required; 1/5-inch binder.
America The Beautiful Part 1	Green, Jodi	\$50.00	This class will combine a rich study of American history with Bible study, geography, literature, vocabulary, creative writing, fun projects, and hands-on activities. We will be using the Notgrass history textbook, America the Beautiful - Part 1. We will also be reading historical fiction novels to gain a richer perspective on the time periods studied. The time period we will be studying will begin with America before 1492 through the Civil War.	Basic reading and writing.	1-3 hrs.	America the Beautiful - Part 1 by Notgrass History (2020 version), Maps of America the Beautiful, Timeline of America the Beautiful, Growing Up Dakota by Charles Eastman, Amos Fortune: Free Man by Elizabeth Yates, Brady by Jean Fritz, Bound for Oregon by Jean Van Leeuwen, and Across Five Aprils by Irene Hunt

Computer Literacy & Keyboarding	Rose, Karen	\$25.00 student provides laptop w/Windows 10; \$55.00 teacher provides laptop	The goal of this class is to give elementary students the skills they need to complete typed reports/projects on the computer. This class will teach students basics of responsible computer usage, including an introduction to computers, Windows, Google docs, sheets, and slides, browser use, and keyboarding. ***Note: Deposits depend upon whether students provide their own laptops, but laptops provided must have Windows 10 operating system.	None.	1 hr.	See deposit note.
Apologia Zoology 3: Land Animals	Rose, Karen	\$45.00	In Zoology 3, students will learn about all the creatures created on the sixth day of creation. We will explore Carnivores, Caniforms, Feliforms, Marsupials, Primates, Rodentia, Ungulates (hoofed animals), Artiodactyla, reptiles, amphibians, and even dinosaurs! Class time will consist of reinforcing materials learned with discussion designed to promote critical thinking, crafts, fun activities, experiments and more!	None.	1-2 hrs.	Exploring Creation with Zoology 3: Land Animals of the Sixth Day Textbook ISBN: 9781932012859 AND Zoology 3 Notebooking Journal - ISBN: 9781935495130
Programming Adventures (ONLINE TUESDAY CLASS)	Rose, Karen	\$25.00	We're going on a programming adventure! Using Google's CS First Club curriculum, students will explore the world of programming with exciting and fun projects! Students will complete projects using Scratch, a block-based programming language, with a variety of themes such as game design, animation, art, music, and much more. This beginning coding class is perfect for 4-6th graders and advanced 3rd graders.	Proficient readers	0-1 hr.	None.
The Playbill	Green, Jodi	\$60.00	All the world's a stage," or at least in this class it is. Your student will learn the ins and outs of the theater, while gaining confidence with public performance. It will be a class for beginners, experienced actors, and everyone in between. This class may perform a play each semester or one large production the second semester. The play(s) will be performed at an outside venue. Play choices will be determined after receiving final enrollment numbers. The play(s) chosen will either be one-act or full-length plays. Students must attend class in-person unless all of KHHC moves to online instruction or a student is ill/being quarantined for possible Covid exposure.	None.	2-3 hrs.	Scripts provided by director.
